

## **Report on Eco-Friendly Activity**

**Conducted by**

**M.A. 2nd Semester, Department of Education,  
St. Anthony's College, Shillong.**

**Date: 2nd May 2025.**

As part of the Environment paper in the M.A. 2nd Semester curriculum, Department of Education, St. Anthony's College conducted an Eco-Friendly Activity on 2nd May 2025. The event was held with the primary aim of fostering environmental awareness, encouraging sustainable practices, and promoting a deeper connection with nature among students.

The activity witnessed enthusiastic participation from all students of the second semester. Each student brought a plant of their choice. The department corridors came alive with a rich tapestry of green, as students proudly displayed their plants and shared thoughtful insights about them.

Adding depth and engagement to the event, the students also gave short individual presentations on the plants they brought. They spoke about the plant's scientific name, uses, ecological significance, and care instructions, showcasing both creativity and research skills. The presentations reflected the students' genuine concern for the environment and their eagerness to contribute meaningfully to a greener future.

The event not only provided a platform for experiential learning but also served as a reminder of our collective responsibility towards the environment. It successfully blended academic knowledge with hands-on activity, inspiring everyone present to adopt more eco-conscious habits in their daily lives.

Overall, the Eco-Friendly Activity was a resounding success, leaving behind a lasting impression of green enthusiasm, environmental responsibility, and student unity.

**"FROM CLASSROOM TO NATURE – LEARNING THROUGH ACTION."**

**Each student shared unique facts and stories about their plant.**
