Dear Brother,

With reference to the subject cited above, I would like to draw your attention that there was a discrepancy in the allocation of full marks in one of the Question Paper as mentioned below:

Paper Name: Sound for Music (Theory)

Semester: 4th

According to the Syllabus the Full Marks for the End Semester exams should be 45 whereas in the last completed examination the Full Marks given was 38 only.

Therefore, for the benefit of students, I suggest that the recently allotted marks should be converted to 45 and such discrepancy be communicated to the University for further action and consideration.

Thank You,

Regards,
