CYBER CLUB
ACTIVITIES

CYBER CLUB ACTIVITIES

2016-2021

Cyber Club, St. Anthony's College

Motto: Learn, Teach, Serve

Year of Establishment: 1996

Members: Students of CS Department

About: The Cyber Club was formed by the students of the Computer Science Department of St. Anthony's College in the year 1996. The purpose of the club is to spread computer literacy to rest of the student community of the college, while at the same time enhancing the members' skills at the same time. The club also organizes various competitions and events for the students of the department and the college. The club also organize specific training programmes.

The Outreach Programme targets students from rural areas who do not have opportunity to use computers. The Basic IT course targets for students and staffs of the college who are interested in learning more about computers. The programmes cover the fundamentals of office applications (Windows Operating System, MS Word, MS Excel, and MS PowerPoint) and even internet features like Google Forms.

The club also has Office Bearers. The Office Bearers are chosen through elections.

Office Bearers: President, Vice-President, Secretary, Treasurer and Publicity Manager

Election Rules: Candidates for the following post can only be students who are not holding the post of Department Representative and Assistant Department Representative.

- 1. President** - should be a Final year student

Responsibilities:

- Provides leadership and direction to the club
- Presides at meetings of the club and oversees the activities of the club at regular intervals.
- Coordinates club activities through the members

- d. Establishes short- and long-range objectives and goals together with office bearers of the club. For example, organising events such as Quiz, Poster, Seminar competition, Debate etc.
- e. Provides mentorship to members
- f. Ensures the completion reports of each activity organised by the club

2. Vice-President - Should be a 2nd year student

Responsibilities:

- a. Presides at meetings in the absence of the president
- b. Coordinates programs with the president and the other office bearers
- c. Provides or coordinates information on forthcoming events to the secretary for inclusion in reports and notices
- d. Provides mentorship to members

3. Secretary - Should be a Final year student

Responsibilities -

- a. Handles the communication of meetings to office bearers and activities through notices to its members and keep records of it in the club diary
- b. Maintains official records of meetings
- c. Informs officers of deadlines for reports and future activities
- d. Maintains a roster of office bearers with current address, including email, and telephone information
- e. Maintains complete and up-to-date copies of the club's documents i.e. reports, meeting diary. These documents are to be handed over to the HOD before the final semester exam of the University
- f. For reports, Secretary along with Publicity Manager can delegate any two members to make report for an event from members who are organising the event. The events can be club activities/ Cleaning Drive/Farewell/Fresher's/Picnic and any other events organised by students.

4. Treasurer - Should be a Final year student

- a. Oversees club finances and collect membership fee of Rs. 10 per month in a semester. Office bearers can change the amount with consent of Teacher In-charge.
- b. Funds can also be generated through activities as decided by the President along with other Office Bearers
- c. Keeps record of all financial transactions along with receipts in a treasurer register.
- d. Completes and presents the semester financial report to the Office Bearers
- e. Assists the president and other office bearers in preparing program budgets

- f. Any contribution made by students/teachers towards an event, the excess should be maintained by the Treasurer.
- g. Fund collected can be utilised for events, only with the agreement of President along with the other Office Bearers. Utilization Certificates to be maintained by the Treasurer for any amount given towards an event or activity. For such certificates, Treasurer can delegate organising members of an event for preparation and submission.
- h. These documents are to be handed over to the HOD before the final semester exam of the University

5. Publicity Manager - Should be a 2nd year student

- a. Informs members of upcoming events decided upon by the Office Bearers
- b. Assists the secretary with preparation and maintenance of reports
- c. Maintain photographs of club activities and events

To collect completed reports from members within **five** days, after any activity/event is conducted. Then submit the same to the Department within **two** days.

Name of the Programme: Video Gaming Competition, College Week 2020

Organiser: The Computer Science Dept. & The Cyber Club

Date: 9 March 2020 (Need for Speed)

11 March 2020(Counter Strike)

12 March 2020(Mobile Legends)

Venue/Platform: Hall 44, Media – IT Annex

Objectives of the Programme: To have a fun and competitive event for College Week from Computer Science Dept.

Resource Person: Sir Om Yadav and Sir Shivaraj Bhardwaj

Participants: Students

Number of participants: Total: 301

For Need for Speed Event: 22

For Counter Strike Event:48

For Mobile Legends:220

Faculty of Department: 04 Teachers and 07 Student Volunteers

About the Programme:

For the programme, there were three competitions and the judges for the competitions were the Teachers-in-Charge Sir Lemuel Rapsuk, Sir Om Yadav, Sir Bablu Rajak (Computer Science Dept) and Sir Shivaraj Bhardwaj (Dept of Commerce) and Students Gaurav Kumar (DR, Computer Science) and Laxman Sharma (President, Cyber Club). All three competitions were knock-out/elimination types.

The first event *NFS* was a solo competition. There were twenty-two participants all-together. The winners were First Prize Charmingstar Janong, (then 2nd Sem, B.Sc Biotechnology) Second Prize Kushal Das, (then 4th Sem, B.Sc Computer Sc) Third Prize Rashabh Paul, (then 6th Sem, B.Com ACF Evening).

The second event *Counter Strike* was a team event. Number of participants were forty-eight with total of sixteen teams (three member each). The winners were First Prize Brinesh Joshi, (then 2nd Sem, BA Philosophy Morning) Ashish Thapa, (then 4th Sem, B.Sc Statistics) Md Shahjahan, (then 4th Sem, B.Sc Statistics) Second Prize Niraj Kumar Tiwari, (then 6th Sem, B.Sc Computer Sc) Manish Kumar Singh, (then 4th Sem, B.Sc Computer Sc) Vicky G. Vaiphei, (then 2nd Sem, B.Sc Computer Sc) Third Prize Nibir Talukdar, (then 4th Sem, B.Sc Computer Sc) Kushal Das, (then 4th Sem, B.Sc Computer Sc) Alok P. Sharma, (then 2nd Sem, B.Sc Computer Sc).

For the third event *Mobile Legends*, we had a biggest turn-out of participants since it was a mobile gaming event. It was also a team event with two hundred twenty participants with forty four teams (five members each). After tough, close-call competition the winners were First Prize R Zorinpuia, (then 6th Sem, BA English Morning) John V L Fanai, (then 6th Sem, B.Com Management Evening) Isaak TC Vanlalhruaizela, (then 4th Sem, B.Sc Mathematics) C Lalhruitluanga, (then 4th Sem, B.Sc Chemistry) R. Rothantluanga, (then 4th Sem, B.Sc Mathematics) Second Prize Jims Abonmai, (then 2nd Sem, B.Sc Zoology) Elven D. R. Sangma, (then 2nd Sem, B.Com Afternoon) Letkhogin B. Haokip, (then 2nd Sem, B.Sc Statistics) Kahumdai Kamei, (then 2nd Sem, B.Sc Geology) Meingam Kharing, (then 2nd Sem, B.Sc Statistics) Third Prize Joshua L. Infimate, (then 2nd Sem, B.Sc Physics) Lawrence L. Joute, (then 2nd Sem, BA History Day) Edward M. Joute, (then 2nd Sem, BA Economics Day) Babekanta Maibam, (then 2nd Sem, B.Sc Botany) Chameikho C. Lajio, (then 2nd Sem, B.Sc Physics).

Feedback from Participants:

“It was an awesome experience indeed. Seeing students from different departments of the College come together as they play video games. Amazed to see even the most studious ones have keen interest in video games, after all we are kids inside. Glad that our College authority allows us to organise such competitions in the College Week.” – Kushal Das (now 5th Sem, BSc Computer Science)

“Amazing experience. Hoping for the same the next year as well. Looking forward for more E-sport events being included in the College curriculum as a whole.” – Tanyang Tabin (now 5th Sem, BSc Fishery Science)

Achievement of the Programme:

The programme managed to have high participants and cemented its place as a popular event during College Week. It also has winners like other programmes. Most importantly students managed to have fun and refreshing times through the programme.

Self-evaluation of the Programme

As one of the student volunteer and participant, the programme was a very popular one and very busy. With the help of all the people that were involved, the programme ended successfully. Also, it was fair and well organised.

Report by,

Nibir Talukdar (5th Sem, BSc. Computer Science)
Vice-President, Cyber Club (2019-2020)

Organising Team with the Winners

Organising Team

Name of the Programme: A Short Awareness Video Competition

Organiser: Cyber Club

Date: 5th May 2020 to 22nd May 2020

Venue/Platform: Online Competition; YouTube

Objectives of the Programme: To give awareness to the people about various ongoing challenges in our world.

Resource Persons: (*Judges*)

Dr. Anjan Das

Prof. Ibanroilin Nongrum

Prof. Kesterlee L Syiemiong

Participants: (*from the Departments of BSc CS and MCA*)

Nuncy Phanjom

Nibir Talukdar

Suraj Dev Singh

Saurabh Kumar Thapa

Kundan Kumar Jha

Berendra Parsad

Number of participants: 9 (+ *online Audience*)

2nd Semester BSc Computer Science students: 2

4th Semester BSc Computer Science students: 2

6th Semester MCA students: 2

Faculty of Department: 3

Accumulative Number of views: 1000+

About the Programme:

The Short Awareness Video Competition is a small competition focused on engaging the students of BSc CS and MCA with Video Production on various topics happening in the current year. It is an initiative of the Cyber Club. Three teachers gave their indebted support and judged the competition. It was planned to reward only the first two groups who came out on top; but after seeing the hard effort and talent of all the participants, the third place was acknowledged as well.

First Place: Mental Health Awareness During COVID-19 Pandemic

Nuncy Phanjom and Nibir Talukdar (BSc 4th Sem)

<https://youtu.be/q-J-CEpw-k>

Second Place: Virus Called Racism

Suraj Dev Singh and Saurabh Kumar Thapa (MCA 6th Sem)

<https://www.youtube.com/watch?v=PchShA4vrsY>

Third Place: Phishing Awareness

Kundan Kumar Jha and Berendra Parsad (Bsc 2nd sem)

https://youtu.be/Hu_Cg4YjGv8

Feedback from Participants:

“This competition has help us to to spread awareness among people . It gave us an opportunity to put our thoughts and ideas into the video. We are happy to spread our message through this video.”

- Nuncy Phanjom

“The topic of my video was "Phishing awareness", as its one of the most common fraud nowadays. It was very fun to do and it was my first video as well so i got to learn many things. I am proud to be a part of the cyber team and glad to secure the 3rd prize.”

- Kundan Kumar Jha

Achievement of the Programme: (Quality, not Quantity)

Even though the competition had only a handful of participants, it did not fail to showcase the amazing talent and quality of Video Production by our incredible friends at the college. It was a successful competition (a good way to refresh our minds in the first few weeks of the Pandemic). It was decided to hand over the prize money to the winners as soon as the world comes back to normal and college reopens.

Self-evaluation of the Programme:

There were some expectations from us about how this competition would turn out to be. But the outcome was beyond our expectation after watching the videos sent by the three participating groups. Not only were we amazed by their performance, but also by each group’s talent in gathering facts and compiling them into one short video.

Winners of the Short Awareness Video Competition

Name of the Programme: Farewell Celebrations 2020

Organiser:

Date: 21st October 2020, 1:15 pm

Venue/Platform: YouTube (Cyber Club, St Anthony's College , Shillong)

YouTube link :- <https://youtu.be/5dlKbWMmo48>

(Meet session after the premiere in Google Meet)

Objectives of the Programme: Bidding farewell to our out-going students.

Participants: Teaching staff and Students.

Number of Participants :

Teaching staff (Seven teachers in the youtube video and four teachers in the live session)
22 students from the outgoing third year
27 students from the third semester
25 students from the fifth semester

About the Programme:

Programme Schedule :

1.	.Prayer by Phiba S Maiong (third semester)
2.	Welcome speech by Medonlakador Syiem (fifth semester)
3.	Song by Aryan Sunar (third semester)
4	Speech by (i) Probidita Roychoudhury , HOD of Computer Science Department (ii) Ibanroilin Nongrum (iii)Aiusha V. Hujon (iv)Medari J. Tham (v) Kesterlee L. Syiemiong (vi) Anjan Das , Director & Professor of MCA (vii) Omprakash Yadav

5,	Dance Performance by (i) Bansika Khaidem (third semester) (ii) Floryqueen Ingjal (fifth semester)
6.	Speech by our Special guest Gourav Kumar
7.	A short video for our Seniors.
8.	Vote of Thanks by William Wahengbam

Observation made : The programme went quite well , a lot of people actively participated in the video. Due to this Pandemic , the farewell was not being done the way it is supposed to be , but the teachers and the students have tried their best to make it a special day for them. The video contained a welcome speech , a prayer, speeches were being given by the teaching staff, besides all these there were also dance performance and songs were also being sung. A short video was also being made , which was a compilation of some old photographs of the out-going students. They would definitely be overwhelmed after watching the video.

Self -evaluation of the programme : The program (ie the video) was well organized and ended successfully without any obstruction, it was premiered at the right time without any delay and hence it was a pleasure watching it.

Google Meet 1

Google Meet 2

Objective of the programme:

To enhance students' learning by enabling them to practice computer basic skills and test classroom knowledge through related experience.

To provide leadership training and development opportunities for the Student Teachers.

Venue: St Joseph Higher Secondary School, Umden

Date: 20.12.2016

Participants: Students of Class X

Number of Participants in each category

2nd semester: Nil

4th semester: Two (Brother Leonard, Bantei)

3rd year: Twelve

(Aquiline Kharbuki, Abha Dey, Kevin, Harinder Yadav, Ashish Gautam, Risheraj Barua, Michael Syiemlieh, Ashish Lahe Rana, Akrur Ranjan Bora, Ravi Chaudhary, Bikram Chettri, Aman Guha)

Staff: Four (Aiusha V Hujon, Ibanrollin Nongrum, Cosmos Lamare, Winson Lamare)

Observation

We reached the venue on 14.12.2016 at 11:30 am and at 1:00 pm sharp we had the Inaugural Function where all the participants were introduced to the Cyber Club. The first class started on the same day from 2 pm to 4 pm. The second class started from 9am to 4pm followed by the third class. We observed the interest and attention of students towards the class. On the concluding day a small function was observed where the students bestowed their love for the teachers and presented dance and song.

A small surprise was presented by student teachers as well. At the end of the program we had a group photograph session which will be cherished.

Direct & Indirect Benefit of the Activity

Both teachers and the students benefit from Cyber Club Outreach Programme. Teachers improve their communication skills by explaining basic knowledge of the computer to the students and students' enthusiasm for computer and computer knowledge is increased. Since, outreach programme is targeted for the schools, where the computer facility is low to moderate. However, the students are invited to share what we offer. The Computer Basics Training helps participants learn everything from using a

computer mouse to how to use the other components of the computer. Participants receive certificates for their achievements on the concluding day.

Self Evaluation

It is a wonderful learning experience for all of us. It is a give and take process where the participants gain knowledge and the student teachers improve their skills and build confidence level.

The best thing about the outreach program is that we see people living in village and working hard for themselves and their children, every day is full of experience. The love and respect for fellow friends is more. So, we all came back with a new inspiration and with a positive attitude towards Life. We all look forward for the next outreach program.

**"LOOK FOR SOMETHING POSITIVE IN EACH DAY, EVEN IF SOME DAYS
YOU HAVE TO LOOK A LITTLE HARDER"**

Apart from this, I think that the strength of the student teachers should be more and the participants should be provided the syllabus of the course.

REPORT ON ICT TRAINING BY CYBER CLUB

Name of the Programme: ICT training for Rural Teachers, conducted as part of the Silver Jubilee Celebration of the Department of Computer Science

Organizer: Cyber Club, Department of Computer Science

Dates: 08/02/2017 to 11/02/2017

Venue: St. Anthony's College, Shillong

Objectives of the Programme: To provide basic IT training to the teachers to help in their day to day work and also become trainers to others in their area.

Instructors: 5 students

2nd Semester BSc Computer Sc.: Avoy Sarkar, Bikash Thapa

2nd Semester MCA: Bankerlang Sohtun, Kitborlang Lyngdoh

4th Semester MCA: Bankit Burom Nongbet,

Topics:

- Introduction to Windows
- MS Word
- MS Powerpoint
- MS Excel
- Basic Internet

Participants: The participants are the teachers from the Parish of Umden

Number of participants: 23

Distribution of Certificates: It was held on 11th February 2017. This function was graced by Shri. D. P. Wahlang, IAS, Commissioner and Secretary of IT Department, Govt. of Meghalaya as the Chief Guest and Br. Albert L. Dkhar SDB, Principal of the College along with staff and students of the department and participants of the training programme.

Feedback from Participants:

- The programme was good and interesting
- They thanked the Computer Science department for organizing the program
- They thanked the instructors for teaching them and having patience as they are slow to learn.

Achievement of the Programme: Overall the training was a success as the teachers of Umden have learnt to prepare mark sheet, attendance sheet, question papers and other related documents needed using MS Office.

BASIC IT COURSE 2017

Name of the Programme: Cyber Club Basic IT Course 2017.

Organiser: Cyber Club.

Dates: From-03/07/2017 To-02/08/2017

Venue: Lab 01, Lab 02, RED HAT Lab.

Objective of the Programme: To impart basic knowledge of Computers and Basics of Microsoft Office.

Topic/Theme of the Programme: Introduction to Computers, MS Word, MS PowerPoint, MS Excel and Internet.

Instructors: 5TH Semester BSc. Computer Science Students.

Number of Instructors: 14

Participants: St. Anthony's College 3RD Semester and 5TH Semester BBA, Fishery Science, Statistics, Economics, Political Science, Khasi, and Botany.

Number of Participants:

- Morning Batch: 21
- Evening Batch: 20

Feedback from Participants:

1. The contents and timings were perfect for students, keeping us occupied. The contents were well taught and learnt. Duration was also good.
2. More interaction with the students and more exercises after each lesson also more lessons on uses of Internet and MS Excel was required.
3. The content was effective, since they started from introduction and proceeded to higher level it was easy for the students to learn.
4. The Basic IT course was really helpful in many ways. We learnt many new things about MS Office which will really be helpful in future.
5. It would be better if the next course is a bit longer as we can learn more and get more knowledge.

Achievement of the Programme: More knowledge in MS Office and gained more confidence in presenting.

Self-evaluation of the Programme: The program helped not only the students who applied for the course but also those of us who undertook the task of teaching. The program helped me expand my prior knowledge of Basic Ms Office. I too, along with the students, learnt a great many new things. The program also helped boost my confidence in speaking in front of an audience.

Cyber Club Basic IT Course 2017 – Participants and Instructors

BASIC IT COURSE BY 5TH SEMESTER BSC. COMPUTER SC. 2018

Name of the Programme: Basic IT course 2018

Organiser: Cyber Club

Dates: 12th July 2018 – 13th August 2018

Venue: LAB 1 and LAB 2

Objective of the Programme: To improve the computer literacy of the students of the college.

Topics taught: Windows, MS Word, MS Power Point, MS Excel and Internet.

Instructors: 5th Semester BSc. Computer Science Students.

Number of Instructors: 15(morning) and 11(evening)

Participants: 2nd and 3rd year college students

Number of Participants:

Morning Batch (7:00 am – 8:30 am): 31

Evening Batch (4:30 pm – 6:00 pm): 9

Feedback from Participants: (few points mentioned by them): A feedback form was made and distributed among the students. The feedback received was positive. Few feedbacks are mentioned below:

- Participants appreciated the cyber club for taking such an initiative of teaching the fellow mates about the basic of computer, and in the future too they should continue to do so.
- Participants thanked the members of the cyber club for giving conducting the course, for their time and for clearing doubts each time with patience.
- Participants appreciated all they were being taught and encouraged to do so in the future.

Few suggestions were also given by the students. Some of them are mentioned below:

- To try to expand the course duration.
- Taking down notes in the class takes a lot of time, so it's better to create a group and send it in the group/send it in the common folder.

Achievement of the Programme: The Cyber Club has fulfilled its mission of learning, teaching and serving. The students got to revise old topics and learn new topics which will surely help them in their future.

Self-evaluation of the Programme: This program was helpful for the 5th semester students to boost up their confidence. They gained a lot of experience from this program.

Secretary, Cyber Club

5th Semester BSc Computer Sc

Photographs: *Class Sessions*

Distribution of Certificates to Participants

BASIC IT COURSE BY 3RD SEMESTER BSC. COMPUTER SC. 2018

Name of the Programme: Cyber Club Basic IT 2018

Organiser: Cyber Club

Dates: from 23/07/2018 to 31/07/2018

Venue: Lab 03 and Lab 04

Objective of the Programme: To impart basic knowledge of Computers and Basics of Microsoft Office.

Topics taught: Introduction to Windows, Paint, MS Word.

Instructors: 3rd Semester BSc. Computer Science Students.

Number of Instructors: 20

Participants: Savio Evening School students

Number of Participants: 25

Evening Batch: 25

Feedback from Participants:

1. They were excited, enthusiast and looked forward for attending classes.
2. They wanted the classes to exceed a bit longer.
3. They started with neophyte skills but while leaving they learned to use the peripheral devices in much convenient way.
4. They felt the environment of the classes to be very friendly and lively
5. They found the faculty members interactive and Benignant.

Achievement of the Programme:

The programme played an enormous role in the learning-teaching process. It helped the students to imbibe computer knowledge and it helped them getting comfortable working in a computer environment. It helped the teachers to improve their teaching and learning skills. The teachers also learned to communicate among themselves which inturn helped them in developing their communication skills.

Self-evaluation of the Programme:

Although the first few classes were a little difficult because we didn't know how much knowledge the students had about the computer system plus the students were shy which was natural as it was the first class. But as they say good things take time we started progressing and in this progress we learned how to interact with students and the students started interacting with us. When our students asked a questions every teacher was excited to teach how thing are done. To summarize this I would say that it was a great experience teaching the children of Savio Evening School and I hope the students also learned the basics of windows, Microsoft word and paint and I hope that this one week of IT training would help them in their future.

REPORT ON BASIC IT COURSE 2019

Basic IT course was the name of the Programme and the organiser of this program was Cyber Club. This course started in 10-07-2019 and ended in 14-08-2019.

The different topics taught was **MS Windows. MS Word. MS PowerPoint. MS Excel. Google Forms. Internet Basics** and the instructors of this course was Computer Science 5th Semester. The number of instructors was **24** divided in 4 groups and the number of students was **56**. The participants of this course were students from St. Anthony's college of different department and different semester.

Achievement of the Programme was to successfully imparted basic computer knowledge to the participants and give them some basic idea about some of the most commonly-used applications like Microsoft Word, Microsoft Excel and Microsoft PowerPoint. We have also achieved in introducing the participants to the Internet and to Google Forms.

Feedback from Participants was that the teaching and the course offered is the best. The facilities provided were extremely good and fees were affordable for every student. All the teachers have provided us with the knowledge to the best of their capabilities. Have learnt a lot of things and enjoyed being part of the teacher are very friendly and easy to approach and need a lot of more confidence in giving out explanation. Gained knowledge in MS word, MS Excel, MS PowerPoint and about Google Forms.

Students of the Cyber Club engaging in different teaching activities

Self-evaluation of the Programme by a instructors: From this programme, we have learned much variety of things about the computer and MS office. It provided us a platform where we can exercise our knowledge about Computers and their applications. It has helped us in gaining confidence and an experience on teaching.

EVALUATION SHEET

We will be grateful if you can answer this questionnaire to help us render better service in the future. The information you provide will be kept confidential.

1. What you liked about the course?
(Course material, teaching, duration, fees, facilities, any other ...)

I liked everything about this course.

2. Anything that you did not like about the course?
(Course material, teaching, duration, fees, facilities, any other, ...)

None, everything was just perfect.

3. Your suggestions for improvement
(Course material, teaching, duration, fees, facilities, any other, ...)

Everything is good for me. I just enjoyed it and I don't see any means of improvement. It's just perfect.

4. What you gained from the course?

I learned many things from this course which at first I have no idea about.

5. What expectation of yours was not realized in this course (if any)

This course met up my every expectations. It even went beyond my expectation.

EVALUATION SHEET

We will be grateful if you can answer this questionnaire to help us render better service in the future. The information you provide will be kept confidential.

1. What you liked about the course?

(Course material, teaching, duration, fees, facilities, any other ...)

Just of all I like to say thank you to all teachers who give us precious time on us. According to me this course is really good, I really learned many things which is good for my coming future. I really liked the way to teach us & give us material which is brief for us.

2. Anything that you did not like about the course?

(Course material, teaching, duration, fees, facilities, any other, ...)

No, exactly I really enjoyed like I had before everything is in perfect manner sometimes I really felt bored not because of boring topic but because of lazy teachers.

3. Your suggestions for improvement

(Course material, teaching, duration, fees, facilities, any other, ...)

I like to say that teachers are really good but some of them really need improvement, I could not understand stand something because on some topic - They need to speak a little bit loud so we can understand easily.

4. What you gained from the course?

Before this course I was just nothing but after getting this course I really feel I know a little about the computer which is very important in coming future.

5. What expectation of yours was not realized in this course (if any)

No, I got whatever I really needed.

AGENDA:- Discussion for events that will be organised by Cyber Club.

Minutes

- ① Meeting was held for the first time for the new office bearers of the Cyber Club - 2019. Full of determination in the newly elected members' eyes, the meeting started with great enthusiasm.
- ② First thing that was discussed was about the membership fees collection for all the three years of Computer Science Department which is to be collected by 1st week of September.
- ③ Next topics of discussion were hot since all the office bearers were eagerly wanting a change of a new kind.
- ④ The first event of discussion would be the T-shirt designing competition for exclusively for Cyber Club members (as of now) with all things including the rules of the competition, format etc was discussed!
- ⑤ The next event that was in discussion would be the debugging competition that is being planned to be organised in last week of November or first week of December with the platforms selected as C and Java (Tentative)

Fr. JOBY JOSEPH

Advisor

Joby

On the 12/9/19 the cyber club executive members have organised a meeting in the presence of advisor Fr Joby, the Rector of the college. In this meeting we have discussed the following important agendas and activities to be performed by the Cyber club.

- 1) Every member of the Cyberclub from all the semesters should make an annual collection of Rs. 120 and to be deposited in the cyber club account.
- 2) The 3rd Semesters Bsc student will conduct a one week IT courses for the school children of Savio Evening School.
- 3) The 5th Semesters Bsc students will conduct an outreach program of at least 4 days for the underprivileged children or students in some villages. This program will be conducted either during peja holidays or after Final Theory examinations.

Date _____

4) The Cyberclub will organize a debugging competition in the coming few weeks. This competition is open only for the students of Computer Science Department from all schools.

5) Under the advised and suggestion of P.S. the cyber club have agreed to take charge to clean the two ATMs present in the college premises. This activity will involve picking up of ATM receipts and throw them in the proper place. We have suggested in one day three groups of three different timings will have to take charge to clean. These timings are 8.00 A.M., 2.15 PM and 4.00 PM.

6) All the members of cyber club will visit Don Bosco Museum / NEEPCO as a departmental field trip.
