VISION AND MISSION

VISION

Providing holistic and quality education within the reach of all

MISSION

To mould intellectually competent, morally upright, socially committed and spiritually inspired persons capable of building a more human social order within the context of the nation's plurality of religions and diversity of cultures

Guided by the religious and educational philosophy of St. John Bosco, and born of the vision of a Don Bosco Father, Fr. Joseph Bacchiarello, St. Anthony's College was founded in 1934 with the avowed mission of 'bringing college education within the reach of common man and woman'. Ever since, the College has been nurtured by the Salesians of Don Bosco to be in the vanguard of higher education in North-East India.

We emphasize life-oriented and value-based teaching and nurture a culture of solidarity. The educators and the educated join hands to mould intellectually competent, morally upright, socially committed and spiritually inspired persons capable of building a more human social order within the context of the nation's plurality of religions and diversity of cultures.

We aim to equip our students for life, making them not only job-seekers, but also job-creators. Hence, in keeping with the developments in educational strategies worldwide, we have pioneered courses in application-oriented subjects to answer to the needs of the community that we serve and to give our graduates a competitive edge in the employment market.

Teaching, for us here at the College, is a lifetime commitment, a passion, a vocation and a profession, rather than a job. Our Teachers are continually engaged in equipping themselves so as to stay abreast of the latest developments in their own fields.

Striving for excellence is our way of life. Our motto tells it all "Ever More Better Ever".

Message from the Principal

The documentation exercise is imperative for any kind of reference if and when required. Documenting the reports will help the college and the departments to keep track of all the activities and programmes conducted and also enable them to assess and analyse the achievements, success and failures and short-comings. With this view in mind the Documentation Cell was created and I am happy to say that the Cell has done a good job and stayed true to its purpose.

The college is a hub of education and this year various activities pertaining to academics have seen an increase. Various seminars, workshop and Hands-on Training organised by the different departments of the college have proved very beneficial for the students of the college. The outreach programmes conducted by different departments, Cells and Clubs of the college have provided enriching experiences to the different stakeholders.

Documenting such activities and events has greatly helped the college in paving a pathway for improvement, enhancement and growth of the different departments in particular and the College as a whole. I encourage all the departments to work hand in hand with the Documentation Cell in providing reports, photographs and information of all the activities and events organised or attended by the students of the department or the faculty members.

Thank You

(Rev. Br. (Dr). Albert L. Dkhar.

Year in Review

The various Departments of the college held several seminars, conference, workshops and Hands-On trainings with the motive of providing an overall academic experience for the students of the college. Guest lectures not only purely academic, but also on subjects, as social awareness, social responsibilities and civic consciousness have been organised this year.

Two departments namely Computer Science and Mathematics celebrated the completion of a great milestones of their departments. The Computer Science department celebrated its Silver Jubilee with a yearlong events ranging from seminars, workshops, run for AIDS and gaming competition. Similarly, the Department of Mathematics celebrated its Platinum Jubilee with a yearlong events ranging from seminars, workshops and inter-school and inter- college Mathematic quiz competition.

The main highlight of the year was the students' participation in the 2nd South and South East Asia College Students Culture and Sports Week in China. The football team of the college bagged the 2nd Runner Up trophy and cash prize. The team were welcomed back with a hearty celebration. Apart from the academics the college also pays attention to the overall development of its students and for this purpose the college encourages the students to take part in the various extra-curricular activities.

The college not only provides platform to the students but the staffs as well. The college organised faculty development programmes and also organised a workshop on Capacity Building in Bengaluru. The faculty members were divided into two groups and send to Bengaluru to attend the workshops. The faculty and non-teaching staff are encouraged to attend seminars, workshops and conference. This year the faculty from different Departments have attended many such seminars, workshops and conference. The faculty have also attended summer schools and refresher courses to enhance their academic knowledge.

The year saw a wide range of activities which stands true to the vision of the college.

“Providing holistic and quality education within the reach of all.”

Students Development Service and Placements

Name of the Faculty in charge- Ms. Amrita Acharya

Assistant Professor, M.Sc.

The Students Development Service looks after the overall development of the students. Life Orientation Programmes, Soft skill, Personality Development and Communication Skills are taught to the students of the final Semester so as to enable them to successfully launch themselves in the competitive world outside. The SDS gives Career Guidance and Counselling to the students of the college. It also assists the students to find Placements after the completion of their studies. So far 13 students have been placed in good companies with average pay scale of 3 lakhs per annum in the year 2016 itself.

Internal Quality Assurance Cell (Estd. - 2005)

The College has an Internal Quality Assurance Cell established since 2005. The role of IQAC has been found very important in the quality assurance and maintenance in our service of education. The college has set aside an office and has a fulltime coordinator for the same. The cell meets frequently to plan out and evaluate the progress of every activity. Given below are the various tasks that the cell monitors in the college:

Yearly planning of activities for each department and their subsequent evaluations with respect to set targets.

Monitoring of students' attendance and follow up.Organizing faculty development programmes and seminars with a view to better service.

Women's Anti-Harassment Cell

Br. Dr. Albert Longley Dkhar	:	Principal (Chairman)
Fr. Dr. Joby Joseph	:	Rector
Fr. Gervasius Nongkseh	:	Vice Principal
Prof. Lydia Bang	:	Faculty (President)
Prof. Cathy Saiborne	:	Faculty (Secretary)
Advocate Ilawanda Lyngdoh	:	Legal Advisor
Prof. S. M. Sungoh	:	University Representative

Members: All female staff and support staff of the college and the female student representatives of UG and PG.

The Women Anti-Harassment Cell was constituted to help maintain a harmonious atmosphere at the Institute, to enable women to pursue their work with dignity and reassurance. The Cell has been working to raise awareness on gender equality issues. This Cell functions as the "Complaints Committee" as required by the "Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013".

The functions of the Cell are primarily to provide them with a platform for filing their complaints and to expedite their resolution. It also provides an environment where the aggrieved person is given the confidence to air their grievances without fear of bias and criticism. It also tries to empower the female members of the College by making them aware of their legal rights and the different methods available under the legal system to redress their grievances.

From time to time the Cell conducts Seminars and Lectures by domain specialists to eliminate violence, harassment/sexual abuse of women at the workplace, to provide equal opportunities for them, and to educate men to treat women with the dignity and respect they rightly deserve as co-equal partners in the workplace.

Any aggrieved party can submit their written complaints to any member of the WAH Cell. To facilitate urgent resolution of complaint, the Cell holds meetings on a regular basis. Any complaint to the WAH Cell filed by an individual/group of individuals which has been proven to false or frivolous will result on a substantial fine which shall be imposed on the complainant or complainants, and the quantum of the fine shall be recommended by the members of the said Cell to the competent authority.

Anyone found to have harassed another will be subjected to appropriate disciplinary action, including:

- Reprimand/s and/ or written apology,
- Suspension from classes/practical work, etc.,
- Other punishment/s as prescribed by the Law, and/or the University Act.

Disclaimer

The Documentation Cell has taken all pains in ensuring that the reports submitted to it have been properly studied and carefully assimilated in the process of compiling the Annual Report. The Cell has incorporated with all diligence, the facts and figures, as received by it from the Departments to ensure that there are no errors or discrepancies in any representation of such facts and figures.

The Cell, after much study and analysis of the reports and the information received by it, has decided to include only those events which are directly beneficial to the student's community and to the teaching learning process for the sake of coherence and brevity and to avoid an unwieldy and cumbersome representation of the events and activities of the College. Other events which have become a common feature of the College's yearly programme or such academic exercises which the departments have been conducting year after year may not have been included.

There are possibilities of repetition of events either attended by faculty or organised by a Department. Such repetition has been maintained to reflect variety in participation and in interest of the faculty which broadens to include other related subjects as well. There could also be instances where the personal achievements of a faculty may not have been reflected in full as submitted in report; the Cell expresses its apologies in advance for such a lapse. There may also be instances of typing mistakes in words or figures. The Cell expresses its apologies and urges it to be considered as human error.
