The Documentation Cell has taken all pains in ensuring that the reports submitted to it have been properly studied and carefully assimilated in the process of compiling the Annual Report. The Cell has incorporated with all diligence, the facts and figures, as received by it from the Departments to ensure that there are no errors or discrepancies in any representation of such facts and figures.

The Cell, after much study and analysis of the reports and the information received by it, has decided to include only those events which are directly beneficial to the student community and to the teaching learning process for the sake of coherence and brevity and to avoid an unwieldy and cumbersome representation of the events and activities of the College. Other events which have become a common feature of the College's yearly programme or such academic exercises which the departments have been conducting year after year may not have been included.

There are possibilities of repetition of events either attended by faculty or organised by Department. Such repetition has been maintained to reflect variety in participation and in interest of the faculty which broadens to include other related subjects as well. There could also be instances where the personal achievements of a faculty may not have been reflected in full as submitted in report; the Cell expresses its apologies in advance for such a lapse. There may also be instances of typing mistakes in words or figures.

VISION AND MISSION

VISION

Providing holistic and quality education within the reach of all

MISSION

To mould intellectually competent, morally upright, socially committed and spiritually inspired persons capable of building a more human social order within the context of the nation's plurality of religions and diversity of cultures

Guided by the religious and educational philosophy of St. John Bosco, and born of the vision of a Don Bosco Father, Fr. Joseph Bacchiarello, St. Anthony's College was founded in 1934 with the avowed mission of 'bringing college education within the reach of common man and woman'. Ever since, the College has been nurtured by the Salesians of Don Bosco to be in the vanguard of higher education in North-East India.

We emphasize life-oriented and value-based teaching and nurture a culture of solidarity. The educators and the educated join hands to mould intellectually competent, morally upright, socially committed and spiritually inspired persons capable of building a more human social order within the context of the nation's plurality of religions and diversity of cultures.

We aim to equip our students for life, making them not only job-seekers, but also job-creators. Hence, in keeping with the developments in educational strategies worldwide, we have pioneered courses in application-oriented subjects to answer to the needs of the community that we serve and to give our graduates a competitive edge in the employment market.

Teaching, for us here at the College, is a lifetime commitment, a passion, a vocation and a profession, rather than a job. Our teachers are continually engaged in equipping themselves so as to stay abreast of the latest developments in their own fields.

Striving for excellence is our way of life. Our motto tells it all "Ever More Better Ever".

Message from the Principal

The much-awaited NAAC Peer Team Visit for Accreditation Cycle 4 took place this year. I would like to express my gratitude to the members of the Peer Team, Prof. Wudayagiri Rajendra (Former Vice-chancellor, Sri Venkateswara University, Andhra Pradesh), Prof. Tharakeshwar, V.B. Professor Department of English, The English and Foreign Languages University Hyderabad, Telangana and Dr. Krishnama Raju Sangaraju Principal Saket College of Arts, Science and Commerce Kalyan, Maharashtra. I also would like to thank the staff of the college both teaching and non-teaching who worked diligently for the NAAC Accreditation 4th Cycle. Even though the college did not get the desired result, the college will strive for perfection and will stand by its vision and mission. I am glad to have seen a great sense of unity among the staff members during the visit. One of the set back that was highlighted by the NAAC Peer Team was in adequate documentation. The documentation cell and IQAC of the college has taken note of that and I know that proper documentation will be done from hence forward. In the past the documentation cell has made attempts to document each and every event of the college and it will also continue to do so but I urge every member of the college to render cooperation to the cell.

I would like to end my message with a proverb “In Unity there is Strength”.
